

## Access your accounts anywhere, anytime

- **Check daily balances** – Get your balance and account information in real time.
- **See recent transactions** – Search for a transaction, add notes or filter by tags. You can even get transaction details and merchant information.
- **Transfer money between accounts** – Make one-time, future date or repeating transfers so you'll have money where you need it, when you need it.
- **Pay bills, pay your friends or pay off that pesky personal loan** – Look up your upcoming bills, make payments, see your bill details and more, all with a tap on your mobile device.
- **Receive alerts when your balance is low** – Get automatic alerts that help keep you connected to what's happening with your accounts.

## Put a powerful financial tool in the palm of your hand

Download the app and start using it today. Just make sure you're enrolled in online banking at your financial institution.

You can even add accounts from other financial institutions and get one single, up-to-the-minute overview of your accounts. And that helps you stay more organized and make smarter financial decisions.

### Best of all, the app is:

- **Convenient** – The native app provides a smooth, seamless experience whether you're using it on your phone or tablet.
- **Easy to use** – The fluid search function lets you filter transactions as you type. You can even search by tag or account name.
- **Secure** – Use fingerprint authentication or a 4-digit passcode to quickly, securely use the app.

## It's a powerful and portable way to manage your finances
